

PRESS RELEASE

CDP (Carbon Disclosure Project) awards Neodecortech, for the first year, with a "B" score for its commitment in the fight against climate change.

Filago, 10 December 2021

Neodecortech S.p.A. ("NDT" or the "Company"), one of Europe's top players in the production of decorative papers for laminated panels and flooring used in interior design, listed on the Euronext STAR Milan ("STAR") segment, organized and managed by Borsa Italiana S.p.A, announces that CDP (Carbon Disclosure Project) has given Neodecortech, for the first year, the "B" score, acknowledging the Company's commitment to combating climate change.

With the "Climate change 2021" questionnaire, based on 2020 data, CDP has placed Neodecortech in the "Management band" with a "B" score. The score places Neodecortech in the European average and in the average of the Paper Products & Packaging industry, both with the same "B" score, but slightly better than the world average which has a "B- score".

In 2021, Neodecortech continued to implement further actions to curb its environmental impact and is therefore confident that the 2021 rating can lead to an improved rating in 2022.

CDP is a non-profit organization that measures climate change performance and environmental reporting each year. This year, more than 13,000 companies worldwide answered its questionnaires.

Neodecortech S.p.A.

Neodecortech is one of Europe's top players in the production of decorative papers for laminated panels and flooring used in interior design. The Group's business is in the production of complete and technologically advanced solutions for the realization of interior design projects, covering all stages of the production process for the production of decorative paper, from raw material management, through surface finishing and impregnation, up to the finished product and the management of end-of-line logistics. The Group offers 7 product categories: decorative papers; decorative printings; finish foil; melamine film; PPF and PPLF; laminates; EOS anti-fingerprint surfaces (www.neodecortech.it).
